POSTAL CONVENTION

NEWFOUNDLAND AND THE UNITED STATES

1 DECEMBER 1872

## POSTAL CONVENTION

BETWEEN

*Newfoundland and the United States.*

The Undersigned, being thereunto duly authorized by their respective Governments, have agreed upon the following Articles establishing and regulating the exchange of correspondence between Newfoundland and the United States of America.

### ARTICLE I.

There shall be an exchange of Mails between Newfoundland and the United States of America by such means of transportation as are now, or shall hereafter be established, with the approval of the respective Post Departments of the two Countries, comprising Letters, Newspapers, Books, Printed Matter of every kind, and Patterns or Samples of Merchandise, originating in either Country, and addressed to and deliverable in the other Country.

### ARTICLE II.

The Post Office of St. John's shall be the sole office of exchange on the side of Newfoundland, and the Post Offices of Boston and New York shall be the exchange offices on the side of the United States, for all Mails transmitted between the two Countries under this arrangement; and all Mail matter transmitted in either direction between the respective offices of exchange shall be forwarded in closed Bags or Pouches, under seal, addressed to the corresponding exchange office. Each Mail shall be accompanied by a Letter or Post Bill, showing in separate columns the number of Letters, Newspapers and other articles embraced therein, and the postage thereon.

### ARTICLE III.

No accounts shall be kept between the Post Department of the two Countries upon the international correspondence, written or printed, exchanged between them, but each Department shall retain to its own use all the postage which it collects thereon. The single rate of international Letter Postage in full to destination shall be six cents on each letter weighing half an ounce (15 grams) or less, and an additional rate of six cents for each additional weight of half an ounce (15 grams) or fraction thereof, the prepayment of which shall be compulsory at the office of mailing in either Country. The Post Office of Newfoundland shall levy and collect to its own use a postage charge of two cents on each Newspaper mailed in Newfoundland and addressed to the United States, and the established rates of domestic postage chargeable in Newfoundland on Pamphlets, Periodicals, Books, other articles of Printed Matter, and Patterns or samples of merchandise, addressed to or received from the United States.
